Important Message from Shomrim

Before leaving on vacation:

- Carefully check gates and window locks.
- Verify that the alarm and its designated central station system are fully functional.
- Designate a neighbor or friend to take in your mail and/or newspapers that may be left at your doorstep.
- Install time clocks in rooms that face the front or back of your residence, and set them to turn on lights at random times.
- Leave a spare key with a trusted neighbor or family member.
- Store all jewelry and silver in a safe place.

Baby Sitter:

- When leaving your children with a baby sitter:
- Make sure you know how to contact the baby sitter by cell phone.
- Make sure to instruct the baby sitter regarding what to do in case of an emergency.
- When you are away from home, always provide emergency services numbers, as well as your own contact numbers.
- Post the address of your home (colony/bungalow #) and other important information next to the telephone.

In the Country:

- Keep the door and windows locked when you leave the bungalow.
- If you hire cleaning help, NEVER leave that person alone.

Your Car:

- Remove your portable navigation system. Either store it in the trunk of your car or take it with you. Remove the navigation holster from the dashboard or window, since thieves can smash a window on the assumption that

the system is under the seat or in a compartment.

- Never leave something that looks valuable on the seat.
- Always keep your car locked and alarmed.

Children's Safety:

- Always have someone watching the children while they are playing, even in a gated colony. Children can easily wander off, giving rise to a missing child situation.
- Instruct your children NEVER to accept a ride from anyone without your permission.
- They should NEVER walk over to a car to speak to someone whom they don't know.
- They should NEVER accept any food or presents from people who look friendly.
- Review your address and telephone number with young children. In the event they get lost, they will be able to give that information to Shomrim or to the police.
- Label the inside of your children's clothing with tags that list his or her name, address, and telephone number. If you prefer, you can place a sticker on the inner side of a belt, on a shirt next to the company's label, or on a sticker inside the shoe.

Shabbos Afternoon and Motzei Shabbos Events:

- Make sure you know exactly where your children will be, with whom they are going, with whom they are coming home, and at what time.
- Never allow children to use public transportation without your permission.
- Never allow children to ride in a car service unaccompanied by a responsible person..

The Shomrim Organizations wish you and your family a healthy and safe summer.
